EBEC Meeting Report

Tuesday 2/12/2025

Attendees: Enzo Chaabnia *(President)*, Oumaima Boucekkine *(Vice President)*, Ashref Berbaoui *(Vice President)*, Kaouther Tazgart *(Events Department)*, Salah Badreddine *(HR)*, Sanna toutah *(Logistic Department)*, Wissal Oulem *(Project Manager)*, Mohaned Manaa *(IT Department)*, Chaima Benzergua *(Finance and Legal)*, Dorsaf Messaoudi *(Relations and Communications)*, Mustapha Boulefa *(Events Department)*, Oussama Bouzaine *(HR)*, Cilia Mouhoun *(Logistics Department)*, Imad Eddine Ahsatal *(media department)*, Maissa Lakel *(Relex department)*, Maria Ines Raheb *(Design department)*, Maroua Bouzira *(Events and logistics)*, Mouhsine Abdelhakim Alouit *(finance department)*, Sara Benali *(design department)*, Sarah Djoubani *(media department)*, Yani Ameziane *(IT department)* and the (Secretary General).

Prepared By: Leena IKHLEF / Secretary General.

1. Communications and Administration

Communication Strategy Issues

- **Low Event Awareness:** There is a significant problem with awareness. Most members were not aware of the Pitch Day Telegram channel, and many did not know about the Pitch Day event itself.
- **SG Action Item:** The Secretary General (SG) will implement an improved communication system, and will send an email via **Google Calendar**

invitations for all important updates and event notifications to ensure everyone is informed.

Internal Departmental Issues

- **Finance Department / Podcast:** The Finance Department currently lacks a dedicated member responsible for the Podcast project. Hakim is temporarily handling the paperwork, which is causing significant confusion.
    - **Sponsorship Integration:** Aya is currently seeking sponsors.
    - It was agreed that the *Marketing Department* must be fully integrated and actively collaborate along with the *Finance Department* on the podcast efforts.
- **Design Department Skill Gap:**
    - **Podcast Identity:** The Design Department is tasked with creating the presentation and identity for the Podcast (translating the concept description into a visual identity).
    - **Training & Evaluation:** Members of the Design Department have expressed low confidence in their skills and have refused to participate in workshops. The Design Manager must now assign specific, practical tasks to evaluate members' current abilities and identify reliable designers for future projects.
- **Member Recognition:**
    - We need to start developing and implementing a **"Member of the Month"** recognition program for each department.

2. Fikratech (Mobilis Hackathon) Status

Administrative Bottleneck (Critical)

- **Urgent Action:** We must urgently contact **Prof. Sami** to expedite the administration process and clarify the status of the convention.
- **Deadline and Risk:** If the situation is not completely resolved and clarified by **next week**, the club may have to consider **skipping the Mobilis sponsorship and collaboration** for Fikratech.

Marketing Strategy Blockage

- **Posting Hold:** The official marketing content calendar is linked to the confirmed date of Fikratech. Since the event date is unconfirmed due to the administrative convention issue, we cannot post any official content.
- **Current Content:** We can still publish short-form content, such as **Stories**, on instagram.
- **Djezzy Collaboration:** Djezzy Inovtech hackathon was not mentioned on our platforms because the collaboration was informal (they only required organizers from the club), thus there was no official partnership to announce.
- If Fickratech is postponed then the marketing strategy should change to what's suitable to the other club activities.

Contingency Planning (Alternative Dates/Events)

- **Postponement Risk:** If we decide to hold Fikratech after Studups without a confirmed sponsor, we face scheduling conflicts with **Ramadan**, **midterms**, and the proximity of the **Ignite** event.
- **Event Order:** The tentative plan is to hold **Studups** first, followed by **Fikratech**.

3. Studups Event Planning Details

Competition Structure

- **Categories:** Studups is organized into three distinct categories.
- **Teams and Pitching:** Out of 40 participating teams, three teams from each category (a total of 9 teams) will be selected to participate in the final pitching round during the **afternoon session**. A final winner will be chosen from each category.
- **Voting:** The final winner selection will involve a general vote, open to all who are eligible to vote (clarification on the voter pool is needed).

Jury and Awards

- **Jury:** The Pitch Day jury was very well-received. The list of the pitch day jury members will be sent by **Maissa** to the Finance Department. Some sponsors may also provide judges.
- **Sponsorship Tool:** The Finance Department needs an accurate estimate of the **expected event attendance** for Studups, as this data is crucial for convincing potential sponsors.
- **Awards:** Awards will include **Certificates** and a **Shield/Trophy**, similar to the Agrichallenge event.
- **Cash vs. Service:** Cash prizes are not confirmed. It is a highly recommended idea to secure **service-based awards** or a partnership with an **incubator** to provide incubation services to the category winners.

4. Alternative Activities and Workshop Series

Due to the uncertainty of Fikratech, two new alternative activity series were proposed:

A. Ideathon (Alternative Fikratech)

- **Concept:** Partner with **SkillnTell** for an Ideathon that includes a business and enterprise focus.

- **Target Audience:** 1st and 2nd-year students who are less advanced and less likely to be accepted into the Forsa Hackathon.
- **Action:** Contact SkillnTell today or tomorrow to discuss the collaboration.

B. The "Series Of Workshop" Initiative (New Focus)

This is a two-part workshop series, designed to be held as a **dedicated period (1 week or 2)** before the academic vacation.

Idea 1: How to Launch a Business

- **Focus:** A workshop on **"How to Launch a Business." Branding** + **Marketing** + **Logo design, etc..**
- **Mentors Needed:** Expert mentors in business and marketing are required.

Idea 2: The Freelance Journey

- **Focus: "The Freelance Journey"** workshop, covering essential skills like client acquisition, presenting services, and how to earn money through freelancing.
- **Related Workshops:** This series will include other planned workshops, such as **Film Making and Editing** (led by the Media Department) and a possible **Podcast Production Workshop** (as one mentor is interested).
- **Action/Deadline:** Mentors for the entire workshop series must be **confirmed by this Saturday**.
- **Launch:** The goal is to start the workshop series this coming **Monday**.
- **Identity:** The **Design Department** must create the official visual identity for the "Series Of workshops".

Next Steps and Action Assignments

- **Fikratech:**

    - **Action:** Contact **Prof. Sami** to urgently expedite and clarify the status of the Administrative Convention with the School Director. **Responsible:** (President, VPs, Relex). **Timeline:** Immediately / This Week
- **Fikratech / Admin:**
    - **Action: Finalize decision** on whether to proceed with Mobilis sponsorship if the Convention is *not* clearly resolved.**Responsible:** Executive Board (President, VPs). **Timeline:** By End of Next Week
- **Communications:**
    - **Action:** Implement the improved communication system using **Google Calendar invitations** for all important updates and event notifications. **Responsible:** Secretary General (SG). **Timeline:** Next Communication Round
- **Sponsorship:**
    - **Action:** Marketing and Finance Departments must **integrate efforts** and actively collaborate on sponsorship outreach (for both Podcast and Studups). **Responsible:** Marketing & Finance Departments. **Timeline:** Ongoing
- **Studups / Sponsorship:**
    - **Action:** Provide the Finance Department with an **accurate estimate of expected attendance** for the Studups event to aid in convincing sponsors. **Responsible:** Events Department / HR. **Timeline:** ASAP
- **Design Department:**
    - **Action: Assign specific, practical design tasks** to members to evaluate their current skills and identify reliable designers. **Responsible:** Design Managers.**Timeline:** Immediately
- **Design Department:**
    - **Action:** Create the **official visual identity** for the Podcast. **Responsible:** Design Department. **Timeline:** ASAP
- **Design Department:**
    - **Action:** Create the **official visual identity** for the "Series Of Workshop" Initiative. **Responsible:** Design Department. **Timeline:** ASAP.
- **Alternative Activity:**

- **Action: Contact SkillnTell** today to discuss the collaboration for the Ideathon (targeting 1st and 2nd-year students). **Responsible:** Relations (Maissa) / Events (Sanaa). **Timeline:** Today or tomorrow.

- **Series Of Workshops:**
  - **Action:** Confirm the availability of **all necessary mentors** for the "Series Of Workshop" Initiative. **Responsible:** Events / Relex. **Timeline:** By Saturday
- **Internal Program:**
  - **Action:** Start developing and implementing the **"Member of the Month"** recognition program for all departments. **Responsible:** HR Department. **Timeline:** Ongoing
