EBEC Meeting Report

Monday 16/02/2026

Attendees: Berbaoui Ashref Abderrahmane — *VP*, Salah Badreddin — *HR Manager*, Oussama Bouzaine — *HR*, Sanna toutah — *Logistic Department*, Dorsaf Messaoudi — *Relex department*, Benzergua Djihene Chaimaa — *Finance & Legal Manager*, BOULEFAA Mustapha — *Events Co-manager* and Leena IKHLEF — *SG*.
Prepared By: Leena IKHLEF / Secretary General.
This was an urgent meeting to discuss major steps for Studups and for the club as all.

I. Key Decisions & Strategic Discussions

The following points were finalized during the meeting regarding the upcoming **Studups Event**:

- **Event Date:** Confirmed for **February 21, 2026**, on school premises.
- **Capacity:** Participation is capped at a maximum of **20 startups**.
- **Sponsorship Strategy:** We are maintaining an open window for "last-minute" sponsors. The **Finance Department** will lead the search, with all other managers providing cross-departmental research support to secure additional funding.
- **Documentation:**
  - The Technical Card was officially signed today.
  - **Tomorrow:** The external attendance list will be submitted to the administration for final approval and signing.
- **After the administration approved the event:**

- The **HR Department** will immediately release the Organizer Recruitment Form.
- **Target:** A minimum of 15 organizers.
- **Contingency Plan:** If the quota is not met, the following managers will step in as organizers: *Youcef, Leena, Ashref, Salah, Mustapha, and Oussama.*
- An organizing form specifically for managers will also be distributed.
- A meeting with the organizers must be held this Thursday 19-02-2026.
- A meeting will be held for all the managers of EBEC this week, to discuss the latest updates..

II. Action Items & Internal Protocols

To ensure a high-activity semester, the following operational guidelines have been established:

Communication & Coordination

- **Active Channels:** All primary coordination will now take place through the **Second Group**.
- **Flow of Information:** Department Heads are responsible for cascading major decisions and task assignments to their respective managers through the main EBEC group or a specific department group.

Meeting Standards (The "EBEC" Protocol)

To improve efficiency, all future meetings must adhere to these rules:

- **Logistics:** The date, time, and formal invitation must be sent to the **entire EBEC team**.

- **Attendance:** Attendance is **mandatory for all managers**.
    1. *Note:* If a member cannot attend, they must notify the team in advance. No specific reason is required; a simple "unable to attend" notice is sufficient.
- **Leadership & Purpose:** Every meeting invitation must specify:
    1. The **Meeting Lead**.
    2. The **Nature of the Meeting**: (e.g., *Information* from Presidency/Heads, *Brainstorming/Discussion*, or a hybrid of both).
- **Quorum:** At least one President or Vice-President must be present for the meeting to proceed.

III. Future Planning

Looking ahead to the remainder of the semester, we are considering the following timeline:

- **Early April:** Potential **Ideathon**.
- **Late April: Ignite** event.

The Ideathon idea and planning will be discussed in future meetings.

IV. HR Optimization & Performance Plan

To ensure the club operates at peak efficiency during this busy semester, the **HR Department** will implement a comprehensive management audit based on the following criteria:

1. Performance Evaluation

HR will conduct a thorough review of all current managers to ensure deliverables are being met. This investigation will focus on:

- **Accountability:** Identifying managers who are consistently delivering high-quality work on time.
- **Engagement:** Assessing the level of active participation in club initiatives and events.
- **Collaboration:** Evaluating the quality of coordination and communication with the broader EBEC team.

2. Corrective Actions & Talent Acquisition

Based on the results of the evaluation, the following steps will be taken:

- **Personnel Decisions:** For managers showing low engagement or failing to meet requirements, formal decisions regarding their continued roles will be made.
- **Strategic Replacement:** HR is authorized to scout and recruit new, highly qualified managers to fill any gaps or replace underperforming members to maintain team momentum.

3. Key Performance Indicators (KPIs)

Future evaluations will be strictly based on:

- **Attendance:** Consistency in joining mandatory meetings and events.
- **Workflow Integration:** Effectiveness in communicating across departments.
- **Output Quality:** The tangible impact of their work on the club's goals.

V. Communication Channels & Support

To ensure clarity and transparency across the team, all managers are encouraged to utilize the following support channels:

- **Strategic & Operational Queries:** If you have questions regarding club decisions, project directions, or general "big picture" concerns, please do not hesitate to reach out to the **Presidency (President and Vice-Presidents)** or the **Secretary General**.

- **HR & Role Clarification:** If you encounter any irregularities, have personal concerns, or require a more detailed explanation of your specific responsibilities and expectations, please contact the **HR Department** directly.

We maintain an "open-door" policy—no concern is too small to address. We want every manager to feel confident and informed in their role.
